Education

- Sir John A. Macdonald Secondary School | 2017-2021
- Currently enrolled in Software Engineering at the University of Waterloo | 2021-2026

Experience

Logistics Organizer - JAMHacks V

Fall 2020-Summer 2021

Organized Waterloo's largest high school hackathon. Contacted and built relationships with sponsors, set up judging system and ran various activities for hackers. Also set up and maintained a Minecraft server for over 20 concurrent players and wrote custom Java plugins.

Tennis Instructor - Upper Beechwood II

Summer 2019-Summer 2020

Taught tennis to children aged 4-14. Planned lessons on everything from simple ground strokes to serving and court positioning while following COVID-19 restrictions.

Aquatic Assistant - Waterloo Recreation Complex

Fall 2018-Winter 2019

Assisted swimming lessons for children aged 4-10. Worked with many children with disabilities and accommodated their special needs.

High School Volunteer - ESQ Summer Camp

Summer 2018

Assisted children aged 8-12 with various software-related activities, including 3D modeling, game development, and more.

Skills/Knowledge

- Python—Flask, PyTorch, OpenCV
- JS—Node, React, MongoDB, HTML/CSS
- C#—Unity, OculusVR, WPF
- Design—Figma, GIMP, Photoshop
- Excellent communication skills
- Strong work ethic
